DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Sandra Parker on 2/21/06.

The Application has been amended as follows:

In claim 1, line 5, after the term "simulation", **insert** , miniplans and composite tables .

In claim 7, line 5, after the term "simulation", **insert** , miniplans and composite tables .

In claim 13, line 5, after the term "simulation", **insert** , miniplans and composite tables .

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-18 are allowable over the prior art of record because the prior art of record fails to teach or fairly suggest a first pass using simulation, miniplans and

composite tables for determining an optimum join sequence for joining the plurality of tables from the query and creating a lowest cost access path plan using the optimum join sequence, as detailed in independent claim 1, and similar as independent claims 7 and 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Sinnot, Jr. (US Patent 6,421,657 B1).
